

Dear All,

**Sub:** KSCST: Technical Talk through Video Streaming

With reference to the above, KSCST is organizing a technical talk from KSCST Live video streaming studio.

Live video will be streamed and can be received from your institution or your laptop with broadband / Wi-Fi connectivity and you can pose questions / queries at the end of the talk.

It is also requested to the Head of the Departments / SPP coordinators of engineering colleges to project this video streaming lecture in their respective seminar halls / auditorium to reach large number of students / audiences and use headphone / mic for taking questions and answers.

**How to Join:**

**Note:** Internet Connection with Proper Camera and Mic Facility, speaker system needs to be available.

**Steps:**

1. Connect your Laptop / Mobile to internet
2. Open browser
3. Enter URL <https://call.lifesecloud.com/479003>  
**Note: If the browser asks for the app download, kindly download the app and go to guest login and use 479003 as the extension**
4. Enter credentials Name (College Name) and valid email address - Click next
5. Choose your camera preference (Skype/Laptop Camera/Web Camera/Mobile Camera) - Click next
6. Choose your audio preferences - Select "Use computer audio"
7. Use computer audio - Click Join

"Joining the meeting....." text appears and after successful joining, you will be able to receive the lecture.

At the end of the session, there will be a question and answer session requested by the listener by rising hand which enables KSCST moderator to allow the speaker to answer the question raised by the listener.

Kindly confirm your participation to [vlab@kscst.iisc.ernet.in](mailto:vlab@kscst.iisc.ernet.in) ,  
You may contact Shri. Nagaraja Rao M, Mobile No. 9742052378 for any **Technical** queries.

**Do's:**

- Use the speakers for better listening in the hall and mute the mic
- Use the Projector for better view of the lecture in the hall / seminar hall / auditorium
- Use headphone / mic while asking questions

Kindly make use of this opportunity and interact with the speaker.

Thanking you,

with best regards

Team KSCST Video Streaming Studio
