

104 C. 2) DEVELOPMENT OF GEOSPATIAL WEB APPLICATIONS ON KARNATAKA GEOPORTAL FOR G-GOVERNANCE (KSSDI PHASE II PROJECT)

The Council implemented the 2nd phase of the project funded by Department of Science and Technology, Government of India and Government of Karnataka. The Geoportal now has a web based geospatial applications/decision support system for selected schemes of Watershed and Health Departments to support G-governance on Karnataka Geoportal platform. KWDD uses data sets for planning, implementation, monitoring and evaluation of Watershed Programs.

Home page & watershed portal of the Karnataka Geoportal providing access to the Watershed Information
