Subject: "Registration for the **National Space Day 2026 Program, part of the broader initiative on Def-Space Education and Innovation for Innovators and Learners for all students and Research Scholars, has been updated"-Reg.**

आदरणीय महोदया /महोदय,

PM Narendra Modi: Today, AI stands at a civilisational inflection point. It can expand human capability in unprecedented ways, but it can also test existing social foundations if left unguided. That is why we have deliberately framed this Summit around Impact that ensures meaningful and equitable outcomes, not just innovation.

"Announcement"

National Space Day 2026

India became the fourth country to land on the moon and the first to reach its southern polar region on August 23, 2023. To honour this landmark achievement, Hon'ble Prime Minister Shri Narendra Modi announced August 23 as "National Space Day".

About the Programme: On the occasion of **National Space Day 2026**, the Bharat Space Education Research Centre is conducting a **free online session on Advanced Artificial Intelligence Session**. In today's era, AI have emerged as one of the most advanced resources for the nation, and this awareness programme will help enhance students' understanding and professional exposure to current technology.

The session will be held on 23rd August 2026 from 12:00 PM onwards, and there is no registration fee. Kindly circulate this invitation and encourage students from Class 6th and above to attend and learn about AI and its applications in the modern world.

Registration Link: <https://forms.gle/D1Jzw3C9dxNR1cqda>

Duration: 3 Hours, Timings: 12:00 PM Onwards

National Space Day 2026

As part of its continued commitment to promoting Defence and Space education, the Bharat Space Education Research Centre (BSERC) has previously conducted an Advanced Drone Technology Programme on National Technology Day 2026, providing students and learners with practical exposure to emerging technologies and their applications.

Continuing this vision on the occasion of National Space Day 2026, BSERC is pleased to organise a One-Day "AI for Everyone" Session on 23rd August 2026, from 12:00 PM onwards. The session will introduce participants to the fundamentals, applications and future potential of Artificial Intelligence, with a special focus on how AI is transforming education, industry, Space, governance and the global economy.

The programme is aligned with the Hon'ble Prime Minister's vision of positioning India as a leading force in the global Artificial Intelligence ecosystem and encouraging wider access to AI knowledge and capabilities. Through this initiative, BSERC aims to make AI learning accessible to students, faculty and learners across disciplines and inspire them to explore how emerging technologies can contribute to Viksit Bharat @2047.

आदरणीय महोदय/महोदया | Respected Sir(s)/Madam,

To,

All the Institutions,

The Government of India, under the visionary leadership of Hon'ble PM Shri Narendra Modi, has initiated groundbreaking reforms in the space sector. These initiatives are designed to enhance and promote defence & space education, research, and development across the nation. A key highlight is the celebration of National Space Day on August 23, which underscores India's commitment to fostering innovation and scientific excellence in space exploration.

Following the notice issued on December 8, 2023, regarding the online meeting on "Viksit Bharat @2047: Voice of Youth," referenced as F.1-1/2023(secy/ViksitBharat@2047), we are pleased to announce that the Prime Minister has launched "Viksit Bharat @2047" on December 11, 2023.

We kindly request all Institutions to disseminate this information widely among their Students and Research Scholars and We are pleased to invite all students and research scholars to participate in the **National Space Day 2026**.
