## **2. BASIC INFORMATION OF THE DISTRICT**

- District Name : Dharwad
- Division : Belagavi
- District Established Year : 1992
- Headquarters : Dharwad
- Current CEO : Shri. Patil Bhuvanesh Devidas, (IAS)

Zilla Panchayat, Dharwad

- Current CPO : Shri. Deepak Madival,

Zilla Panchayat, Dharwad

## **3. NRDMS BACKGROUND OF THE DISTRICT**

At the initiation of Department of Science & Technology, Govt. of India and Dept. of Science & Technology, Economics and Statistics and Institutional Finance the Natural Resource Data management Center was stated at Dharwad during 1992, Karnataka State Council for Science & Technology has taken the responsibility of implementation at district level. The District NRDMS center was started during 1992 at Kousali Institute of Management Studies, Karnataka University, Dharwad. Due to immediate accessibility problem the center was shifted to Dharwad Zilla Panchayat during 1998. The center had created the database on Natural Resources and collateral data on socio-economic aspects of the district since inception through assisting district administration by providing analyzed graphic outputs and maps as per their requirements. The NRDMS center had became part and parcel of the Zilla Panchayat, It is considered as individual Department where most of the data available in spatial and non spatial form and also assisting academic research students of Engineering colleges and Karnataka University, Dharwad.

- As primary objective of the NRDMS Project, the NRDMS Centre has created Extensive data base on Spatial Database (Maps) and Non-Spatial Database (Attribute data) of Natural Resources, Socio & agro-economic parameters and Infrastructure facilities of the district after collating from the line departments and other organizations and it is been updating regularly based on nature of availability of data and requirements.

#### 4. GEOGRAPHICAL FEATURES

- **LOCATION & BOUNDARIES:**

Dharwad district is situated in the Western sector of the northern half part of Karnataka State. The District encompasses an area of 4263 sq. kms lying between the latitudinal parallels of 15°02' and 15°51' North and longitudes of 73°43' and 75°35' East. The district is bounded on the North by the District of Belgaum, on the East by the district of Gadag, on the South Haveri and on the West by Uttara Kannada district. All these districts, which surround Dharwad district, belong to Karnataka State itself.

The District lies approximately about 800 mts above the sea level, which is why it enjoys a moderate and healthy climate. The District may be divided into 3 natural regions, viz., the Malnad, Semi-Malnad and Maidan. These regions, on an average, receive moderate to heavy rainfall and have dense vegetation. Kalghatagi and Alnavar area in Dharwad taluka in particular receive more rainfall than other talukas of the District.

DISTRICT DETAILS	
Taluk	8
Gram Panchayat	146
Hoblies	14
Villages	379
Corporation	1
Municipalities	6
Geographical Area	427329 Hectares
Population	1847023
Density	377
MLA Constituency	7
MP Constituency	1

- **GEOGRAPHICAL COORDINATES:**

**Latitude:** 15<sup>00</sup>2' and 15<sup>05</sup>1' North

**Longitude:** 73<sup>04</sup>3' and 75<sup>03</sup>5' East

- **TOPOGRAPHY:**

Dharwad district has a varied topography, featuring distinct Malnad, Semi-Malnad, and Maidan (plains) regions, with the eastern parts under the Malaprabha river basin and the west near the Kali river basin. The district is situated at an altitude of approximately 800 meters, leading to a moderate climate. It has a mix of soils, including black soil suitable for crops like cotton and wheat, and red soil for paddy cultivation. The landscape includes rocky terrains, plains, and forest areas with rich flora and fauna.

- **CLIMATE:**

**AVERAGE RAINFALL:**

Average Annual Rainfall 748 mm.

**TEMPERATURE RANGE:**

The annual temperature range in Dharwad can vary significantly, with average annual minimums around 14°C and maximums reaching over 38°C during the hottest month of April. Winters typically see lows of around 15°C, while summer temperatures can reach peaks of approximately 35°C.

**CLIMATIC ZONES:**

Dharwad has a tropical monsoon climate, with a hot, dry summer (March to May), a heavy monsoon season (June to September) with significant rainfall, and a mild, pleasant winter (December to February). Temperatures during the summer can exceed 35°C (95°F), while winter days average around 25°C (77°F). The average annual rainfall is approximately 800 to 900 mm (31 to 35 inches), with the highest precipitation occurring in July and August.

**NATURAL RESOURCES:**

Dharwad district's natural resources include minerals like Bauxite, Kaolin, and Red Ochre, along with building stone and clay. Additionally, it possesses fertile

land suitable for various agricultural crops, including cotton, jowar, maize, groundnuts, onions, and fruits like Alphonso mangoes and guavas.

#### **MAJOR RIVERS/ WATER SOURCES:**

The district is rich in groundwater and has several important rivers such as the [Bennihalla, Bedthi, and Shalmala](#), along with tanks and reservoirs.

## **6. NRDMS CENTRE ACTIVITIES [APRIL 2025 – JULY 2025]**

### **1. GRAM PANCHAYAT MAP THAT SHOWS DISTANCES IN KILOMETERS.**

The Project Director has requested NRDMS Centre to prepare a GP distance map. This map should use Koliwad centre of Hubballi and Kubihal as a centre of Kundagol Taluk, with distances measured in kilometers

### **2. MAP SHOWING VILLAGES SITUATED ALONG THE BENNIHALLA AND TUPRIHALLA TRIBUTARIES.**

As the District Commissioner ordered NRDMS Centre for the preparation of a map showing flood-affected villages along with Bennihalla and Tuprihalla. This map will be used to take precautionary measures to rescue people from floods and livestock, and to help arrange shelter and food for them. Madam also asked to prepare Drainage pattern and population Distribution.

### **3. CENSUS OF INDIA: EXTENSION OF FREEZING THE BOUNDARIES OF ADMINISTRATIVE UNITS**

Based on the 2011 census Metropolitan Corporation divided this area into 82 wards for 2021.

The Metropolitan Corporation divided this area into 82 wards for 2021. According to the old census, 1621 enumeration blocks were further divided into 2032 enumeration blocks. The Chief Census Officers and Commissioners HDMC, Hubballi asked NRDMS to prepare these enumeration blocks. Using Google Earth Pro and ArcGIS, the enumeration blocks have been demarcated. This includes 12 Zones, 82 Wards, and 2032 enumeration blocks.

### **7. Training Programmes Attended**

- Online yuktdhara training @ Zilla Panchayat, Dharwad on 01.04.2025
- KGIS Web Application (Road side plantation) portal training @KSRSAC, Bangalore. On 09.05.2025.

### **8. TRAINING IMPARTED TO LINE DEPARTMENTS**

- Yuktdhara training was given to PDO's at the Hubli Taluk Office, on 07.04.2025.
- The KGIS Web Application (Roadside Plantation portal) was provided to RCF on May 14, 2025. Three RCF representatives attended the training session @ District NRDMS Centre, ZP, Dharwad.

### **9. SCIENCE OUTREACH ACTIVITIES:**

**NIL**

### **10. CONCLUSION**

Natural Resources Data Management System Centre (NRDMS) initiated a major programmed for generation of District natural resource data management system under the guidance and funding support of Karnataka State Council for Science and Technology (KSCST), Dept. of Science and Technology, Govt. of India, and Government of Karnataka,

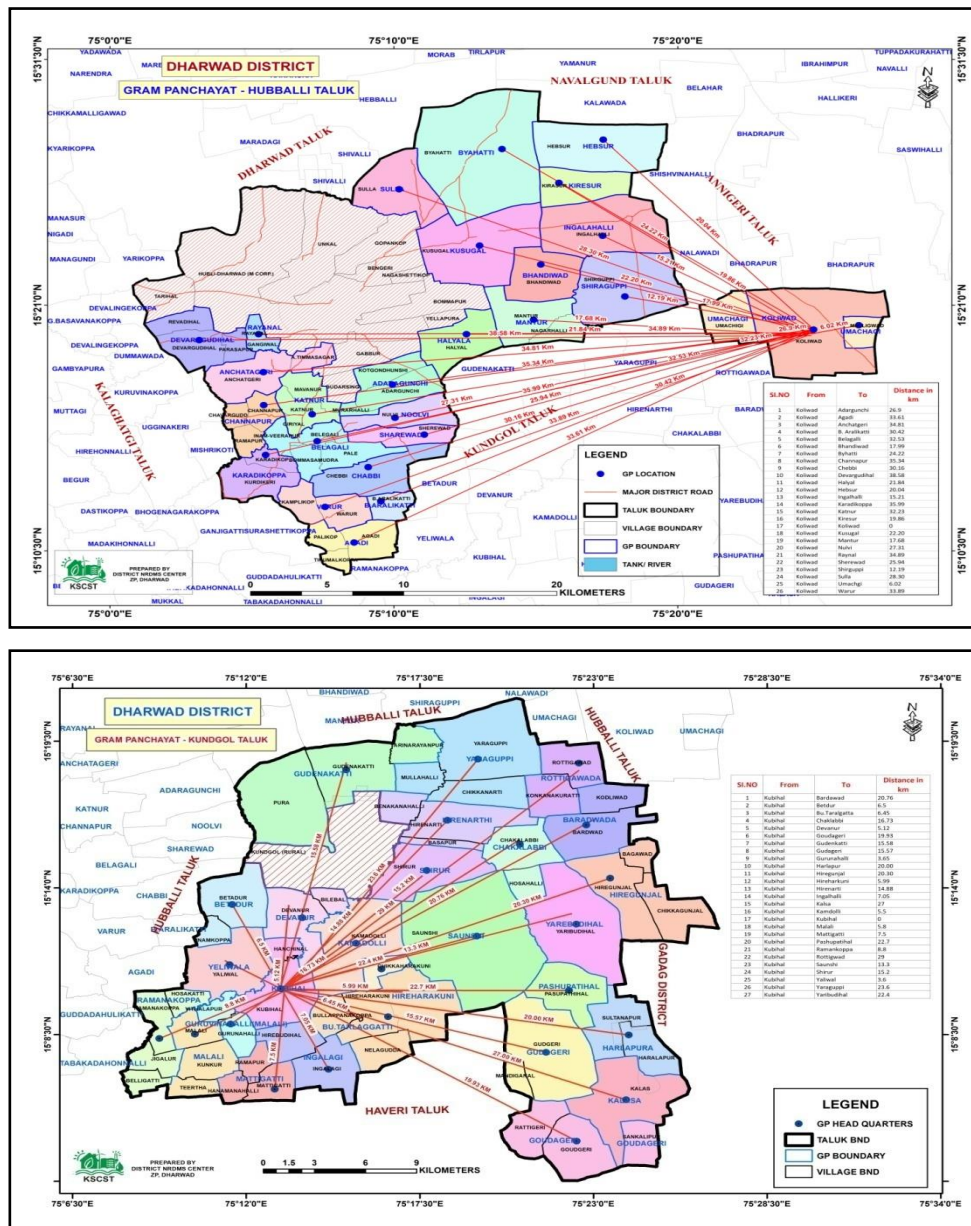

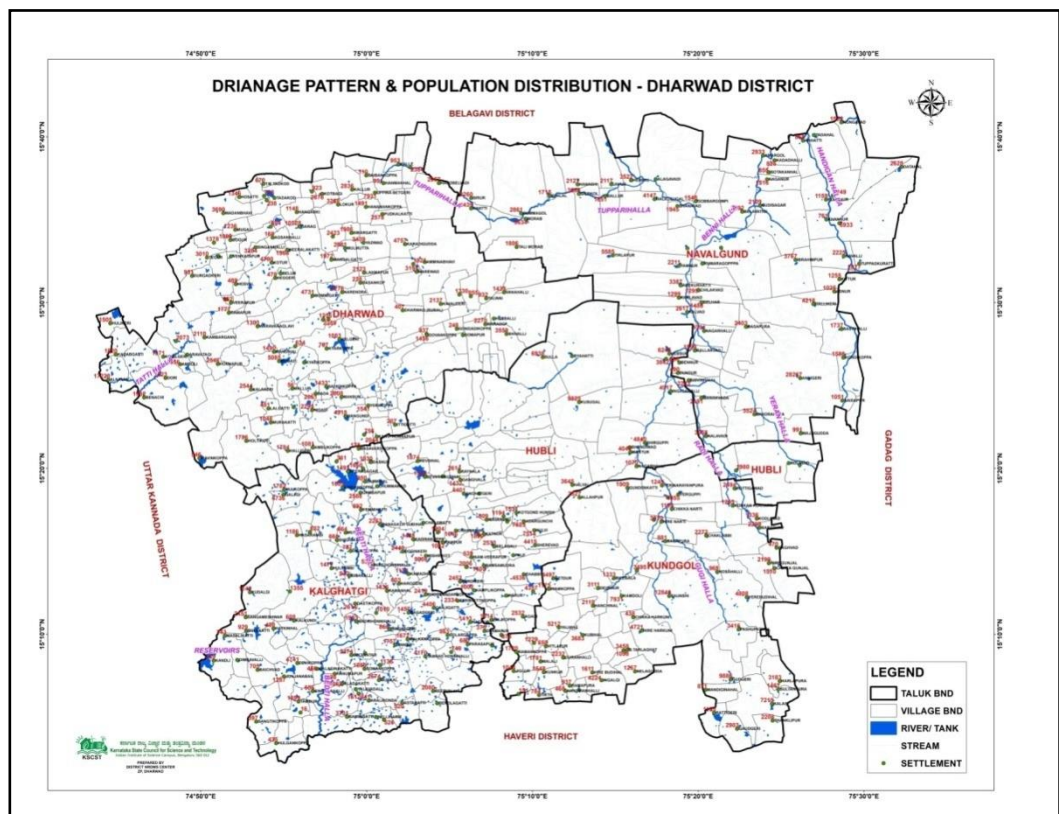

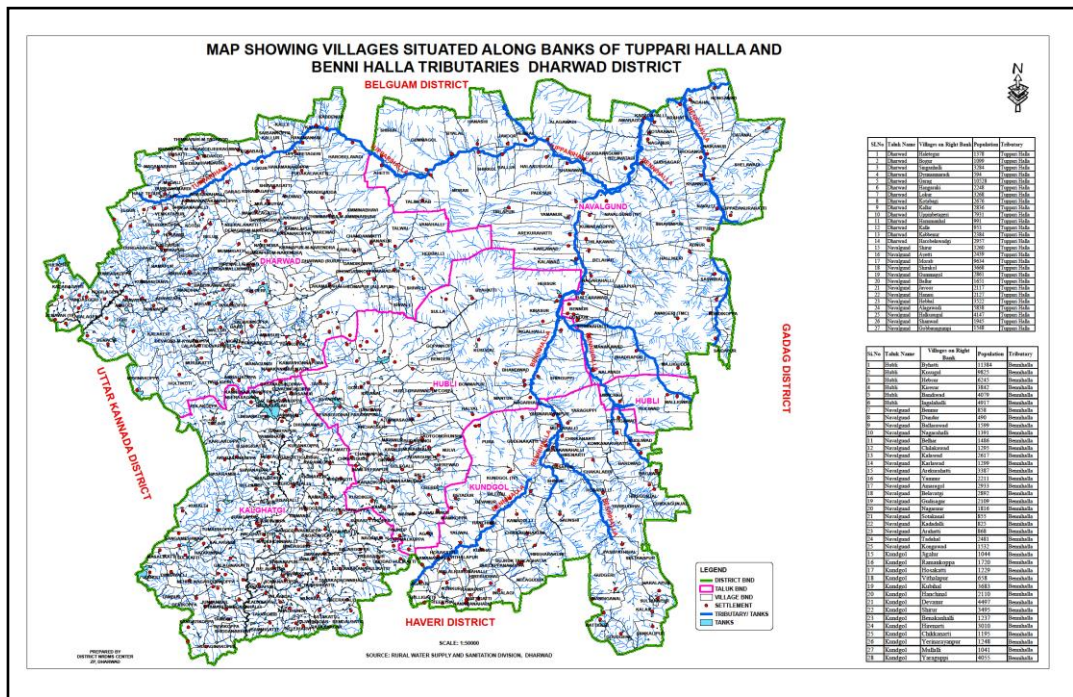

and with the technical support from State NRDMS Centre, KSCST, Indian Institute of Science, Bangalore.

- GIS is rapidly becoming a key technology to support decision making of all kinds.
- Near future GIS will be applied in a variety of fields i.e. Government and Private sectors at a staggering pace.
- Field is wide open for students, Official and all the Peoples.
