Basic Information of the District:

- District Name: Mysuru
- Division: Mysuru
- District Establishment Year: 1992-1993
- Headquarters: Mysuru
- Chief Executive Officer: S Ukesh Kumar, IAS
- Chief Planning Officer: Prabhuswamy K B

Background of the District NRDMS Centre:

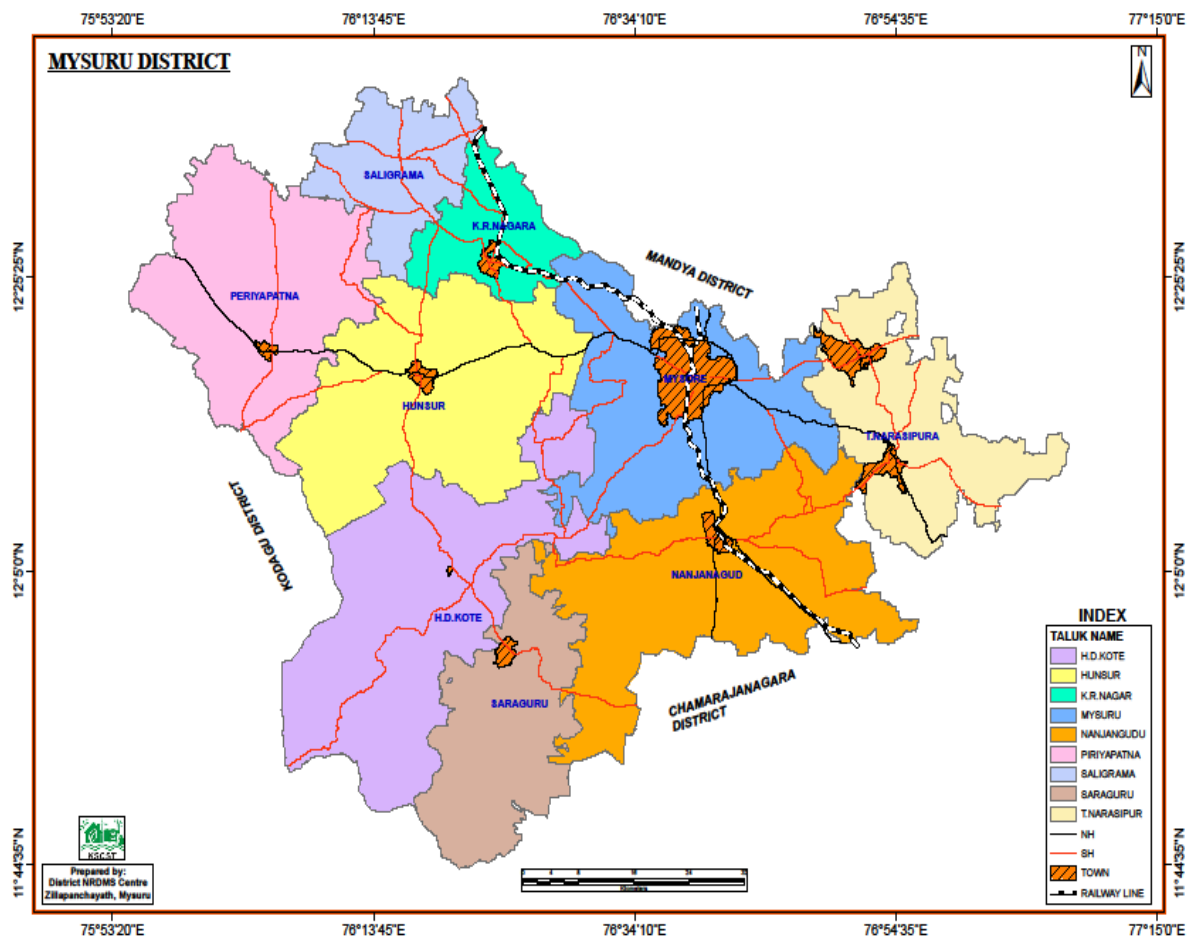

Mysore NRDMS Centre was established in the year 1992-1993 in Zilla Panchayath Premises. Since then the centre is been providing required maps for the line departments.

The Mysore NRDMS center is providing need-based information to users such as elected bodies, district administration, planners and Zilla/Taluk/Gram Panchayaths through maps, charts, tables, and reports etc., on spatial and non-spatial data. Provided analyzed value added information in the form of reports, images, pictures, charts and tables to support district planning activities mainly in the areas of education, health, infrastructure, watershed, GP wise resources etc.

Geographical Features:

Location & Boundaries:

Mysore district is located between latitude 11°45' to 12°40' N and longitude 75°57' to 77°15' E. It is bounded by Mandya district to the northeast, Chamrajanagar district to the southeast, Kerala state to the south, Kodagu district to the west, and Hassan district to the north. It has an area of 6,854 km² (ranked 12th in the state). The administrative center of Mysore District is Mysore City. The district is a part of Mysore division. Prior to 1998, Mysore district also contained the Chamarajanagar district before that area was separated off.

The administrative blocks of the district are as follows:

- ❖ No of Taluks – 9
- ❖ No of Hoblies – 33
- ❖ No of Gramapanchayaths – 256
- ❖ No of Inhabited Villages – 1199
- ❖ No of Un-Inhabited Villages – 137
- ❖ No of MCC/TMC/CMC/TP – 19.

Topography:

The district lies on the undulating table land of the southern Deccan plateau, within the watershed of the Kaveri River, which flows through the northwestern and eastern parts of the district. It is bounded by Mandya district to the northeast, Chamrajnagar district to the southeast, Kerala state to the south, Kodagu district to the west, and Hassan district to the north. The Krishna Raja Sagara reservoir, which was formed by building a dam across the Kaveri,

lies on the northern edge of the district. Nagarhole National Park lies partly in Mysore district and partly in adjacent Kodagu District.

Climate:

Average Rainfall: Mysuru district receives an average rainfall of 776.7 mm.

Temperature: Temperature influences considerably the socio-economic activities in a region. The district in general enjoys cool and equable temperature. During the period from March to May, there is continuous rise in temperature. April is the hottest month with the mean daily maximum temperature at 34.5°C and the daily minimum at 21.1°C. On normal days, the day temperatures during summer may exceed 39°C.

Climatic Zone: Mysuru district falls under the Southern Dry Zone of Karnataka's agro-climatic classification system.

Natural Resources: Some of the minerals found in this district are kyanite, sillimanite, quartz, magnesite, chromite, soapstone, feldspar, corundum, graphite, limestone, dolomite, siliconite and dunite.

The types of soil found in this district are red soils (red gravelly loam soil, red loam soil, red gravelly clay soil, red clay soil), lateritic soil, deep black soil, saline alluvio-colluvial soil and brown forest soil.

This district has cover of 62851 hectares under forest. Lot of forest products are available, under control of Dept. of Forests.

Major Rivers:

Mysore district is endowed with a number of perennial and non-perennial rivers. The Cauvery, which is the major river system of the district, traverses the Mysore plateau from northwest to east along with its tributaries, Kabini, Suvarnavathi, Laxmanathirtha and others.

Spatial and Non-Spatial Data:

Major Activities Carried Out During the period of April to July-2025:

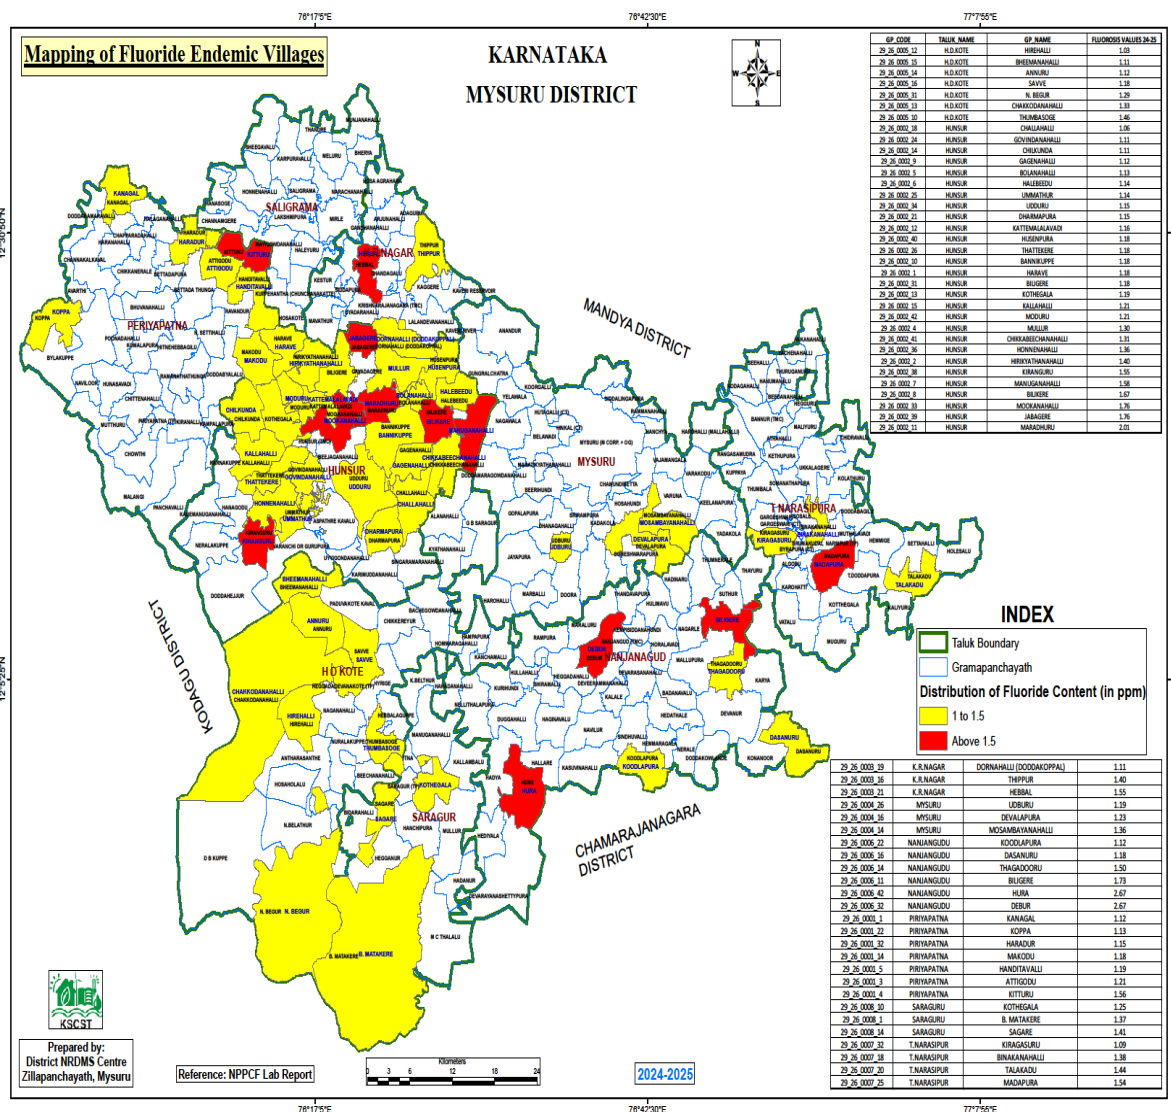

Activity - 1

Title of work	Map of Mysuru Taluk, Mysuru District.
Department Name	Mysuru City Corporation and DC Office, Mysuru District.
Objectives	Jurisdiction of Mysuru city has been extended as per gazette notification. It's map been done and given to MCC and DC Office.
Data Used	Taluk Boundary, GP boundary and City Boundary.
Data Process	ArcGIS, Excel Data (Department Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

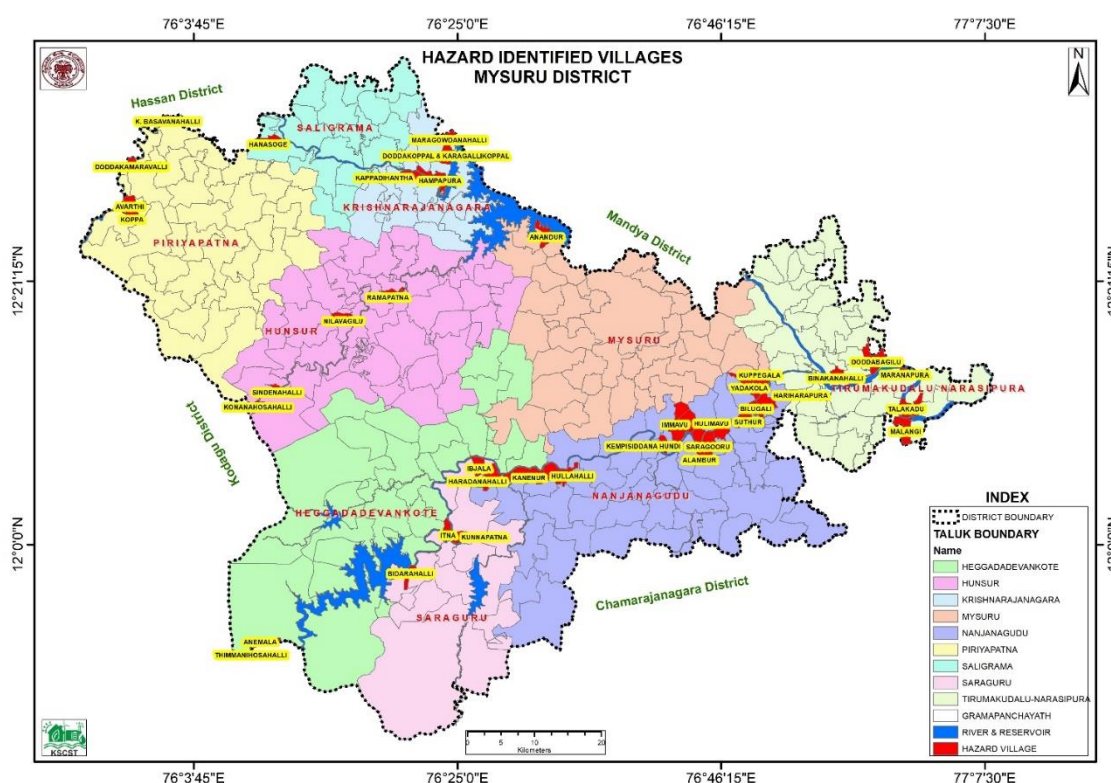

Activity - 2

Title of work	Mapping of Fluoride Endemic Villages.
Department Name	District Health & Family Welfare Department, Mysuru District.
Objectives	Mapping of Fluoride endemic villages helps to strengthen the effectiveness of prevention and control of fluorosis by knowing the geographical spread of the problem.
Data Used	Taluk Boundary, GP boundary and Department Data.
Data Process	ArcGIS, Excel Data (Department Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

Activity - 3

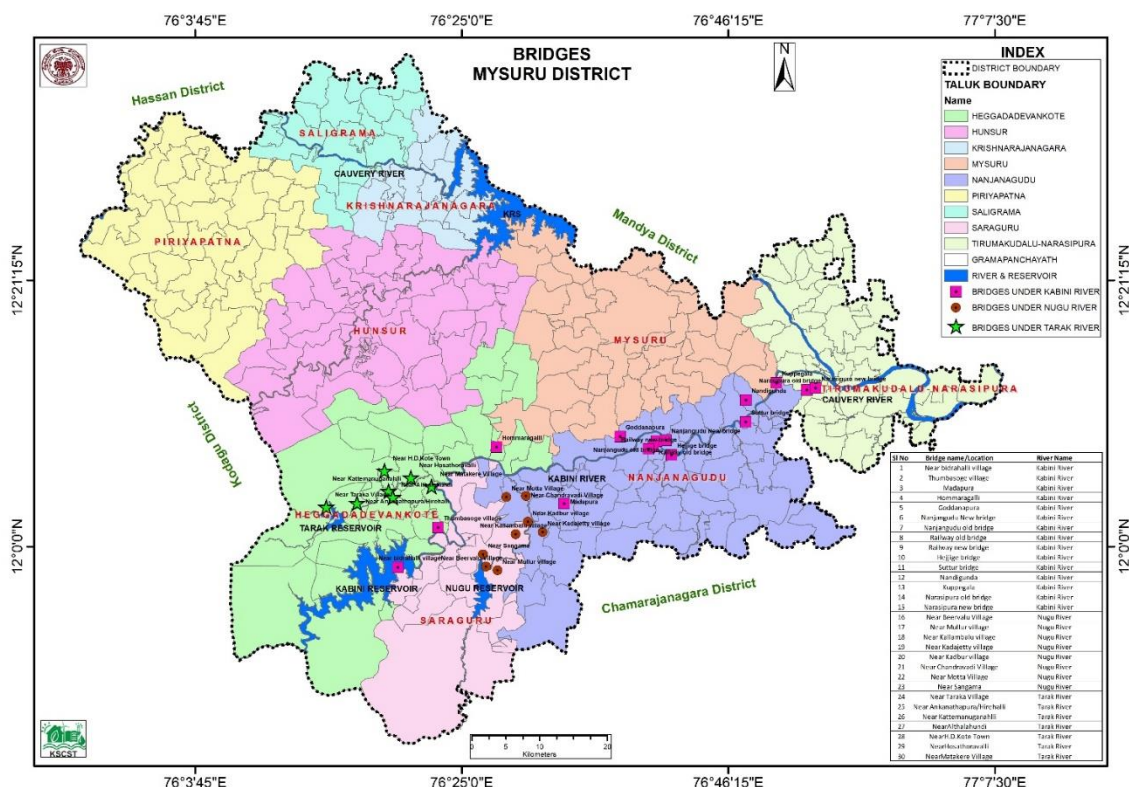

Title of work	Hazard Identified Villages, Mysuru District.
Department Name	Disaster Management Cell, DC Office, Mysuru District.
Objectives	The Maps pertaining to Disaster Management is prepared from the NRDMS office Mysuru. For the purpose to locating Vulnerable areas in the district.
Data Used	District Boundary, Taluk Boundary, GP Boundary, River/Reservoir and Department Data.
Data Process	ArcGIS, Excel Data (Department Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

Activity - 4

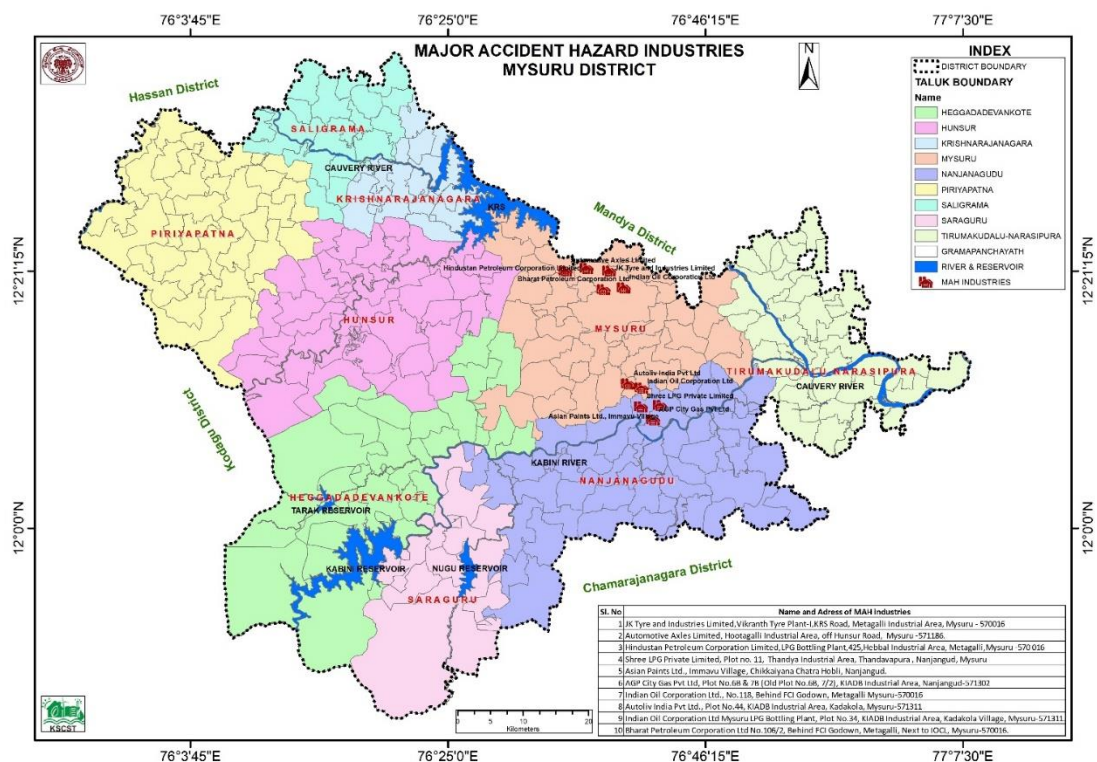

Title of work	Bridges, Mysuru District.
Department Name	Disaster Management Cell, DC Office, Mysuru District.
Objectives	The Maps pertaining to Disaster Management is prepared from the NRDMS office Mysuru. For the purpose to locating Vulnerable areas in the district. Bridges use to get submerged during floods in the district.
Data Used	District Boundary, Taluk Boundary, GP Boundary, River/Reservoir and Department Data.

Data Process	ArcGIS, Excel Data (Location Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

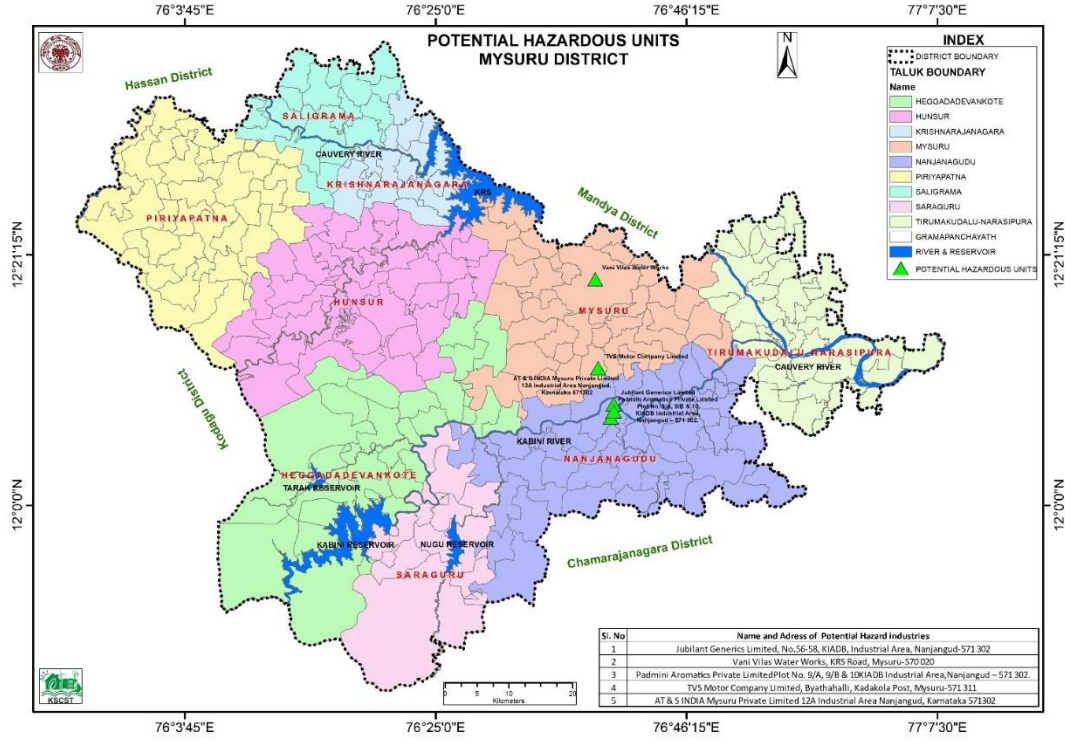

Activity - 5

Title of work	Major Accident Hazard Industries, Mysuru District.
Department Name	Disaster Management Cell, DC Office, Mysuru District.
Objectives	The Maps pertaining to Disaster Management is prepared from the NRDMS office Mysuru. For the purpose to locating Vulnerable areas in the district. The maps are added and Updated in Mysuru District Disaster Management Plan-2025-26 and also utilised the Maps during the presentations in the state office, when Delegates from the NDMA Delhi Visit.
Data Used	District Boundary, Taluk Boundary, GP Boundary, River/Reservoir and Department Data.
Data Process	ArcGIS, Excel Data (Location Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

Activity - 6

Title of work	Potential Hazardous Units, Mysuru District.
Department Name	Disaster Management Cell, DC Office, Mysuru District.
Objectives	The Maps pertaining to Disaster Management is prepared from the NRDMS office Mysuru. For the purpose to locating Vulnerable areas in the district. The maps are added and Updated in Mysuru District Disaster Management Plan-2025-26 and also utilised the Maps during the presentations in the state office, when Delegates from the NDMA Delhi Visit.
Data Used	District Boundary, Taluk Boundary, GP Boundary, River/Reservoir and Department Data.
Data Process	ArcGIS, Excel Data (Location Data) and Thematic Map.
Type of Data Provided	PDF Map was provided.

Training Programmes Attended:

- Attended Roadside Plantation Mapping Web Application Workshop at KRSAC, Bengaluru.
- Attended EMPRI Workshop at Zilla Panchayath, Mysuru **Training Imparted to**

Line Departments:

Roadside Plantation Mapping Web Application Training has been given to Social Forestry Department Officials.

Conclusion:

A) Summary of Activities and Key Findings.

During this period district NRDMS center, ZP Mysuru provided various Maps, data and report to Zilla Panchayath Office, Deputy Commissioner Office and various line departments, pertaining to implementation of various activities and assist district administration in disaster management.

GIS mapping technology provides valuable insights into data visualization, facilitating improved decision-making in a variety of fields. By effectively connecting spatial data with pertinent attributes, the system helps its users identify intricate patterns and linkages.

B) Commitment to Improve NRDMS Activities.

- To update the database of various line departments.
- To interact and assist various other line departments and NGO's in decision making and planning.
- Encourage/motivate line departments, PDO's to take up new projects pertaining to planning which helps the beneficiaries.
- To support Students and research scholars in preparing projects and technical reports.
